

A faint, light green DNA double helix graphic is positioned vertically on the left side of the slide, extending from the top to the bottom.A large, blurred green wireless signal icon is located in the bottom right corner of the slide. It consists of three curved lines radiating from a central point, similar to the 'centro' logo.

**WirelessHART™ EDD File Development
Engineering Services**

WirelessHART EDD File Development

Description, Tasks and Deliverables

- **Tasks:**
 - Develop Enhanced Device Description (EDD) file based on capabilities of the field instrument
 - Test/validate with WirelessHART Gateway of choice
 - Centero's NIO200HAG Gateway
 - Emerson 1420/1410 Gateway + AMS Configurator software
 - Honeywell WDM R320 Gateway
 - Pepperl+Fuchs WHA-GW-F2D2-0-A*-Z2-ETH
- **Deliverables:**
 - DD/CFF file package – source files + binary
 - Test report
- **Assumptions:**
 - Product is ready for test suite needs (hardware, firmware)
 - Will use Centero's licensed Fieldcomm IDE software development tools (no need for customer to purchase IDE)
 - Will use Centero's test setup that includes all Gateways listed above

Duration	4-5 Weeks
Cost	Contact Centero
